Is your medicine an opioid?

- Vicodin, OxyContin, codeine, morphine, and fentanyl are opioids and highly addictive.
- Misuse of prescription pain medication can lead to heroin use and addiction.
- For information about how to self-dispose opioids, visit <https://www.fda.gov/Drugs/ResourcesForYou>

Multiple pharmacies in the area also accept old and unused medications. For a list, visit www.livoniapd.com, *Learning Center* link. Contact the Livonia Police Patrol Desk at (734) 466-2470 with additional questions.
